Changes to Data Protection Law

You may be aware that from May, the rules around data protection are changing. The 'General Data Protection Regulation' (GDPR) will change how we can use your personal data and keep it safe and will also strengthen your rights over your own data.

The point of this is to make sure sensitive or private information about yourselves and your children stays safe. Whilst it is similar to the current Data Protection Act in many ways, there are a few differences, so we need to make a few changes at the school in order to ensure we remain compliant. The changes will be clearly expressed in several documents available soon on GDPR section of the website.

Congratulations to Finlay Robinson and Aminah Khan who have completed the Reading Challenge and Charlie Johnson and Evan Johnson who have completed their second reading challenge!!
