

Squirrels Class – Autumn Term Planning

Foundation Subjects:

As Historians we will be finding out about the origins of space travel. We will expand on this timeline to look at space travel today and space travel in the future.

As Artists we will be using a range of materials to produce images of planets and our visions of alien life.

As Design Technologists we will design and make models of rockets and 3D Christmas crafts.

Our focus in Computing will be staying safe on the Internet. We will also use ICT to present and enhance our work from other curriculum areas.

Mathematics:

As mathematicians we will be working on place value, measure, 2D shape and addition and subtraction. We will also look at practical problems involving money and time.

Science:

As scientists our focus will be investigating different aspects of Space, such as the Solar System, the phases of the Moon and gravity. We will also focus on human biology and the senses.

English:

As authors we will be looking at stories linked to Space and we will be looking at newspaper reports linked to the Moon Landings.

To help us write our own stories and factual reports, we will work on grammar, handwriting and phonics.

Spiritual & Moral:

As part of our spiritual and moral development we will explore feelings during weekly circle time and continue to build our knowledge about faith and beliefs through class discussions, RE lessons and assemblies. The children will focus on ways of keeping
