

## **Reporting to Parents in the Owlets' Nursery Class**

At the first parents' meeting you will receive an 'End of Year' expectations report detailing the expected Developmental Steps achieved by the end of the Nursery year. By working together we can help your child to develop the attitude, skills and knowledge required to attain these steps.

During the Spring parents' meeting you will receive a short report covering all seven Early Years curriculum areas detailing what your child is able to do and suggestions of things to practise at home.

The final report at the end of the academic year is more thorough and will give an overview of the Nursery Year. There is not a formal parents' meeting in the summer term but you are welcome to arrange a time to discuss any aspect of the report with me.

We aim to work with you as partners in your child's education enabling open conversation and providing the very best learning environment.

Should you have any queries please do not hesitate to contact me.

Yours sincerely

Miss E. Taylor
